234 SECTION 15. Section 3 of chapter 40A of the General Laws, as so appearing, is hereby
235 amended by inserting after the first paragraph the following paragraph:-

236 Nothing in this section shall be construed to prevent any of the zoning ordinance or by-

243 basis for granting or refusing to grant this consideration.

244 SECTION 16. Section 2A of chapter 61A of the General Laws, as so appearing, is hereby
245 amended by adding the following subsection:-

246 (e) (1) As used in this subsection, the following words shall, unless the context clearly

258 amount of renewable energy allowed to be generated on farmland, including but not limited to,
259 land assessed or taxed under this chapter and land in the agricultural preservation restriction
260 program established pursuant to section 23 of chapter 20, would help preserve or improve farm
261 viability. The department shall consider whether alternative measures such as updated or
262 modernized farm management or business practices could achieve the same or similar
263 improvements in farm viability, as well as the commonwealth’s current ability to support farmers
264 in updating said practices, in their consideration of whether and which amendments to
265 recommend. The department shall additionally factor into its review and considerations the
266 impact on food production in the commonwealth, the promotion of healthy soils and
267 biodiversity, environmental sustainability and the commonwealth’s renewable energy goals
268 pursuant to the roadmap plans required under section 5 of chapter 21N. If the department
269 concludes that amendments to the restrictions on the amount of renewable energy allowed to be

270 generated on farmland are warranted, the commissioner shall include a list of the department's
271 specific recommended amendments in the department's report.

286 obligations required by section 14 or this section.

287 Any notice of intent to sell or convert required by section 14 and all required
288 accompanying materials shall be provided to the commissioner of the department of agriculture
289 in the same manner as they are conveyed by the landowner to other parties. If the notice of intent

303 25, inclusive, of chapter 30A; (2) within the town or city where the land is located or 1 such

305 notice of intent to exercise an option under this section. The department or assignee, at said
306 hearing, shall disclose the reasons for exercise of the option pursuant to this section and identify
307 any assignment by the department. The department or its assignee may comply with this
308 requirement by participating in a scheduled public meeting of a town or city board or
309 commission.

310 The department or its assignee may exercise an option under this section by providing
311 written notice of its intent to the town or city and landowner prior to the end of the 120-day
312 period concurrently available to the town or city for exercise of its option pursuant to section 14.

313 An option so exercised shall be effective at such time as the town or city records a notice of non-

316 of the earliest of: (i) receipt by the commissioner of a notice of non-exercise from the town or

318 assignment; or (iii) receipt by the commissioner of notice from the landowner of expiration for
319 any other reason.

320 Land acquired by the department of agricultural resources or the department of
321 conservation and recreation pursuant to this section shall be permanently dedicated for public
322 purposes specified in Article XCVII of the Amendments to the Constitution of the
323 Commonwealth.

324 SECTION 18. Said chapter 61A is hereby further amended by adding the following
325 section:-
